***Amita Pundarika (White Lotus)***  
***Pundarika ordained in 2010.***

I was born and am living in Israel. I am married to Vimalashri, a mother of three grown up children and a grandmother of five grandchildren, 2-13 years old.

I am an educational psychologist working with clients of different ages and needs. I work in Sand Play Therapy , which corresponds with some of the ideas of Pure Land Buddhism.

I went through the track of learning Pure Land Buddhism in the Amida Order and was ordained as a Minister and Acharia.

During the years I organized and led, together with Vimalashri, different retreats. I feel that my bond with Amida leans especially on chanting the Nembutsu. My hobbies are playing the recorder and gardening.
